MEMORANDUM FOR: Deputy Director for Administration
SUBJECT : Office of Personnel Report -- Week Ending
10 October 1975

1. Projections Briefing: Chief, OP Plans Staff and Mr. [redacted] of Plans Staff briefed the Management Committee on 6 October on projections of professional input for each of the career services. Emphasis was placed on the poor outlook for using attrition for any significant reduction, the consequences of a hiring freeze which would further raise the average age, the extent to which "converting" non-professional employees appears to be preempting acquisition of young professionals, and the need for a conscious policy with respect to the mix of entering professionals.

2. Handicapped: This week has been designated "National Employ the Handicapped Week." In an effort to publicize this fact, arrangements were made to post a brief comment concerning the Handicapped Program on the official bulletin board in "J" Corridor and the DDI bulletin board.

3. EEO Counselors: The Professional Placement Branch EEO counselors attended a meeting of EEO counselors conducted by Mr. Omego Ware on Wednesday, 8 October. The gist of the meeting concerned the plans of the O/EEO and the importance of the role of the counselor in the complaint process. We were advised that we must now report in writing by the tenth of each month information on pre-complaint cases, including negative reports.

4. Privacy Act: Our Clerical Staffing Branch reports their first Privacy Act refusal of information when calling HEW seeking the usual information on a Government employee transferring without a break in service (grade, date of grade, date of last step increase, insurance information-waiver/no waiver). This information traditionally has been obtained by telephone in order to facilitate the entrance-on-duty processing and to verify grades, insurance privilege, etc. In this case, HEW would only provide the release date. We are looking into this!
